

ENGINEERED COOLING TOWER SOLUTIONS

ABOUT US

Midwest Cooling Tower Services, LLC, established in 1984 by Daniel A. Wiltz, Sr., boasts over three decades of exceptional cooling tower service. Midwest has seen tremendous growth over the past decade, continuously expanding our service capabilities to deliver even more value to our clients. Our foundation rests on safety, with an unblemished OSHA record over 32 years, exemplifying our commitment to creating and maintaining a safe environment for our employees and clients. Our approach, rooted in understanding our clients' perspective, allows us to provide comprehensive cooling tower services across various industries. Even as we celebrate past achievements, we remain focused on the future, with ambitious growth plans and ongoing recruitment of top-tier talent. We are more than ready to provide the exceptional service your company deserves.

YOUR GO-TO,
FULL-SERVICE
COOLING TOWER
PARTNER

THE ONLY FULL-SERVICE COOLING TOWER COMPANY

MWCTS: Your Ultimate Cooling Tower Solution Provider

With a commitment to excellence, we have set the benchmark in the cooling tower industry. Our full-service approach, combined with our top-notch cooling tower rental services, allows us to meet the diverse demands of our clients. We take pride in providing personalized, comprehensive solutions tailored to your specific cooling tower requirements. Experience a new standard of engineering excellence with MWCTS.

OUR CORE AREAS OF EXPERTISE

Maintenance and Construction

Trust in our 40 years of expertise in cooling tower repair and rebuild services. Partnering with leading companies worldwide, we implement best practices to maintain cooling tower assets. Our process involves assessing tower status, providing unbiased reports, and recommending necessary steps for optimal performance.

Rental Cooling Solutions

Experience reliable and efficient cooling with our state-of-the-art Midwest Rental Towers. Designed for large-scale applications, they guarantee maximum productivity and comfort, ensuring optimal performance whenever you need it.

Cooling Tower Resources

We excel in manufacturing prefabricated components, distributing fiberglass materials, and offering custom fabrication services to the whole industry.

Emergency Response

Our rapid deployment of cooling tower services ensures quick restoration of your cooling system during emergencies. Trust us for expert help and prompt and efficient solutions when time is critical.

Heat Exchanger Cooling

Turn to our rental cooling towers for your heat exchanger cooling applications. From industrial processes to HVAC systems, our temporary cooling solutions offer efficient heat exchange capabilities to meet your specific requirements.

DEPENDABLE RESULTS, EXCEPTIONAL SERVICE

Here at MWCTS, we pledge to provide an optimal client experience complemented by outstanding service. Rest assured that our rental cooling tower specialists are always on hand to furnish personalized advice and assistance.
